

New Altar Server Application

2006

“In the liturgy Altar Servers are much more than simple helpers of the parish priest. Above all, they are servers of Jesus Christ, of the eternal High Priest.

Thus, altar servers are called in particular to be young friends of Jesus. ... And they will discover that in Jesus they have found a true friend for life.”

John Paul II

I, _____, ask to be accepted into the Ministry of Altar Server at St. John Brebeuf Parish. I know that being an altar server involves serving God and the Church, assisting the priest and helping the people to come closer to God.

I understand that I will be responsible for fulfilling my assignments (or getting a substitute) even when they conflict with other events, or occur at difficult times.

I am aware that Grade-school (Polish & English) Altar Servers are expected to serve during weekdays and weekends as well as funerals and weddings. High school Altar Servers and Gladd Altar Servers are expected to serve on weekends and Holidays.

New Altar Server Application

Parents' Permission

Dear Parents,

Your child has requested to join the Ministry of Altar Server at St. John Brebeuf. You deserve to be pleased and proud of your child for wanting to serve God and our Parish Community in this important ministry. I hope that being an altar server will help your child grow in faith as he/she assists at the Altar and helps the people to come closer to God. It also will provide an opportunity for the child to learn about duty and responsibility, to interact with other children, and to make new friends.

Before giving your permission, please note that all servers **need the encouragement and support of their parents** to be able to meet their obligations. In some cases, they might need transportation to and from the Church for weekend and for weekday Masses (6:30 a.m. & 8:45 a.m.).

I hope you will allow your child to take part in this worthy service.

Fr. Jacek A. Jura

I give my child _____
permission to be an altar server at St. John Brebeuf, and **will support**
